Priority: Normal

Following notes are primarily information. Regarding the Burlington, Vt. note, the Buffalo Region was able to get some retailers to the last meeting, among them were Jolly Foods & Kerry's Kwik Stop. I'm copying this message to Rick Westenberger & Rich Tanchyk to ask them to request those retailers attendance at the upcoming meeting. Any other retailers would be helpful. The meeting should take place at City Hall again.
Thank you.
Bruce

Morning Team Notes 3/13 Date: 3/12/97

Richmond County, GA--Nearly 100 people attended the overflowed meeting of the board of health where a total smoking ban in restaurant was discussed. An overwhelming number of the 30 speakers were restaurant owners (with some smoker and even nonsmokers) strongly opposing the smoking ban. Only about 10 antis attended. One restaurant owner reported that a number of his colleagues have set an informal meeting with board of health members for next week in order to come up with something short of a total ban.

Niagara County, NY--The board of health has put the smoking ban issue on the slow track since its members disagree on whether to ban smoking in restaurants or something less draconian. At the final public hearing in a rural part of the county 35 spoke and were evenly divided on the issue, which was the case in all four public hearings held this year. At a 2/27 followup meeting, the board says it has a lot of documents to look at and will likely form a committee to review all the public testimony and make recommendations. Since the board only meets once and month, action before summertime in unlikely.

Burlington, VT--The board of health has set another meeting for 3/17 to discuss a proposal to ban the self-service display of tobacco products at
